## the humanitarian engineer

2015 RE-RELEASE SCREENING

We've all heard about Doctors Without Borders, and the legal profession is well known for its pro bono work.

But what part can – and do – engineers play in humanitarian efforts?

Come on a journey to explore what it means to be a humanitarian engineer.

Featuring interviews and personal stories, *The Humanitarian Engineer* is a celebration of engineering, its diversity and its power to enrich the human condition.

**5.30 - 7.30pm || Friday 27 Feb 2015**  
Central Park Theatrette, Perth CBD
